Dear Harold;

Thanks for your letter of the 29th. I am glad that you are out of the hospital but had the trouble getting the right dosage. I imagine that it is a very delicate balance. I guess the stress and tension you have been under aggravates it.

I am please to hear that the book is off the press. I would like to buy some copies as soon as you are going to let them out. Maybe I could get the LA Times and the LA Free Press to review it. Also some of the talk show hosts out here.

Ed Vane of ABC told me to get in touch with a man in New York office, Mel Ferber. He is in charge of what was "A.M. America" whic is being changed to "Good Morning America." Is is the ABC "Today" show. I phoned Farbers office but could not get by his secretary.. She said to write out what I proposed in the way of getting you nad your information on the show. This is the only way they will consider it. Mr. Vane concurred that this was the best way to go. Would you want to follow throug or do you want me to write to him. If I write, what do you want me to say? In this instance I really don't know what the correct procedure would be. His address is Mel Ferber, ABC "Good Morning America" 7 West 66th. St. N.Y. 10023.

For some reason I feel Jack Anderson is source for leaks by some agency maybe the CIA. Looking back on a lot of things he has revealed they aren't now as great as they seemed at the time. The Egelton drunk driving arrests, the Glomar explorer etc. Hope you recover rapidly. Let me know when I can buy some of the books.

Sincerely,
Paul
